

## Purpose Way Impact Statement

The Greater Sum facilitates nonprofit impact by supporting early stage innovative nonprofits with the potential to scale.

Our vision for the next few years is to TURN PASSION INTO ACTION... connecting existing and emerging philanthropists with organizations that are doing effective work in mission areas they care about.

Donations to The Greater Sum are a wise investment because we vet organizations carefully (Feasible? Measurable? Innovative? Scalable?) and then provide selected organizations with the support they need to succeed.

*This statement was drafted by the Board of Directors at our 2018 annual meeting in Philadelphia, PA using the Purpose-Way-Impact workshop.*
